WALNUT

THE STORY

THIS IS CAMEO AMERICAN WALNUT

Cameo Walnut is made from American walnut sourced in Vietnam. It has clean, elegant lines without becoming too formal. A kite shaped tile with a wink to the seventies.

Lighter sapwood complements darker heartwood.

THE WALNUT COLLECTION

A distinctive mix of soft sapwood tones and rejected darker heartwood, that's our American Walnut. It's beautiful purple brown hues offer a luxurious appearance from which you can barely keep your eyes off.

The wood of walnut is flamed straight, but can have an occasional wavy or dancing grain that produces a very characteristic and attractive look. This makes our American Walnut all the way from our workshop in Vietnam the perfect wood for our Cameo Walnut panels.
