THE STORY

THIS IS MILES RECLAIMED TEAK COLLECTION

Like Silver and Phoenix this stern beauty is made from teak sourced from derelict houses. The panels are designed in such a fashion making them very suitable for vertical placement.

A nice nod to the art deco designs of yore.

RECLAIMED TEAK FROM INDONESIA

THE RECLAIMED TEAK COLLECTION

We source our reclaimed teak in Indonesia.

A much-beloved tropical hard wood we find in the pillars of derelict houses and as root wood on plantations.

The teak comes in various stages of erosion; some much weathered, others not so. Some characterised by a flame grain, others by more organic and erratic water markings.
